

P2C Career Readiness Model

Our mission is to ensure that all students are:

Students are supported by informed educational leadership and policymaking that result in effective career resources and learning opportunities.

- ▶ P2C Policy Tools
- ▶ Perkins V Technical Support
- ▶ Professional Development
- ▶ Industry-Education Relationships

Students have the necessary foundational, technical, and workplace skills needed to support success in a variety of careers.

- ◀ Career-Focused Curricula
- ◀ Math Assessments with Quantile Career Database (Powered by the Quantile® Framework for Mathematics)

Career Supported

Career Prepared

Data-Informed & Evidence-Based Practices

Pathway2Careers relies on robust labor market data tools and educational research to guide our development efforts. We encourage the use of informed career readiness practices in educational settings.

P2C Data Tools

Employer Surveys

Regional Labor Market Reports

Career Engaged

Career Wise

Students are motivated and inspired to develop career skills and seek employment opportunities that meet both personal and community needs.

- ▶ Career Awareness and Exposure
- ▶ Purposeful Learning Connected to Careers

Students have insight into personal values and interests, as well as the economic realities of the job market, that supports informed career decisions.
